SPECIAL RECOGNITION

This Town Report gives special recognition to two Newport residents for their special abilities and accomplishments in the sport of skiing - John W. McCrillis and John "Tad" Langlois.

John W. McCrillis is a life long resident of Newport. His major accomplishment has been his involvement with skiing. Mr. McCrillis is a member of the United States Ski Hall of Fame. He co-authored the first American book on downhill skiing entitled "Modern Ski Techniques" which had 11 printings and 8 editions. Some of his other accomplishments include the first ski instruction movie as well as the first picture on downhill skiing. He also cross country skied from Dartmouth College to Newport for the first Winter Carnival in 1916.

He has served the Town of Newport with diligence and professionalism in a variety of committees. For this, the citizens of Newport wish to express their sincere appreciation.

Tad Langlois was recently selected for the 1988 United States Olympic Ski Jumping Team, for his outstanding ski jumping abilities at the Lake Placid Olympic Qualifying Meet in January 1988.

Tad began his ski jumping career seven years ago on the Newport 20 meter ski jump. This first experience of ski jumping has given Tad the opportunity to travel and jump in many countries in Europe and North America. He has graduated to the 90 meter ski jump with jumps of 100 and 103 meters. The 90 meter ski jump is equal to a 26 story building. Tad still owns the Newport 30 meter ski jump record of 112 feet (34 meters) which he set as a sophomore while attending Sunapee High School. Tad, who just turned 20, is one of the youngest jumpers on the 1988 Olympic Ski Jumping Team.

The citizens of the Town of Newport wish Tad the best of luck in the Olympic Winter Games held in Calgary, Alberta, Canada.

GENERAL INFORMATION

Date of Incorporation	Oct. 6, 1761

REPORT OF THE TOWN MANAGER

1987 was a significant year with regard to actions and programs initiated to correct long standing problems and provide for continuing programs to resolve other problems.

Many years of neglect have created problems with our highway, water and sewer systems. The most significant program initiated was the Infrastructure Improvement Program which provided \$1.5 million for reconstruction of the streets and highways which will begin in April. An important aspect of our highway system is the numerous bridges. Many of the bridges have been neglected. Two of these bridges became problems in 1987; Coon Brook bridge which was closed and is being replaced and the Oak Street bridge on the main road to North Newport. That bridge was closed temporarily and is now open with a ten ton weight limit, which prevents some emergency vehicles from using the bridge. A long range bridge repair and replacement program is necessary to insure that we will not be confronted with problems in the future.

Traffic and parking are continuing concerns. Two traffic lights will be installed; one at the intersection of Central Street and Main Street and one at the entrance to the Ames Shopping Center to improve traffic flow and safety. The Board of Selectmen also arranged to lease the vacant lot at the intersection of Sunapee and Main Streets to provide additional down town parking. A problem exists at the Little Common because of the number of westbound tractor trailers. Traffic is congested during certain times of the day at the Little Common, but it is possible to improve that situation by cutting off approximately six feet on the Northerly side of the Little Common and widening Sunapee Street so that the turning radius is improved. The real solution to the traffic problem which aggravates the parking problem is a by-pass. Action has been initiated by our legislators to address that need.

Coupled with the \$1.5 million road program, a program was initiated to remove inflow and infiltration from the sewer system. A new Wastewater Treatment facility consisting primarily of lagoons will be constructed and removal of the inflow and infiltration is necessary to reduce the amount of and the cost of processing the water which enters and leaves the lagoons, and to extend the life of the lagoons. The water system also has been neglected for years. The water quality is fair, and the pipe cleaning project initiated in 1987 will continue through 1988 and 1989 until all pipes that can be have been cleaned.

Initial steps were taken to establish a recycling program with the construction of bins for the collection of limited items. In 1988 a building will be added for collecting and bailing of cardboard and paper which will reduce the cost of disposal for many individuals and businesses located in Newport. The decision by the Selectmen

to have the generator pay the disposal costs of solid waste rather than putting it on the tax bill insured that those who generate the waste will pay for the disposal and those who recycle will save money.

The Town is negotiating a consent decree with the New Hampshire Attorney General's office because we will not be in compliance with the Federal regulation requiring secondary treatment by July 1, 1988 as the Wastewater Treatment Plant will not be completed until 1989.

In late March and early April, the Town was confronted with a significant amount of rainfall which caused approximately \$225,000 worth of damage to our highways. Fortunately, the Federal and State governments will reimburse the Town 75% from the Federal and 12.5% from the State. The balance will be paid by the Town.

Although we are working on many problems, there are also many good things happening. Total value of property in Town has increased by 4% during the last two years. It is anticipated that that trend will continue. Under the leadership of Larry Flint and with the support of the Lions Club, the track and field facilities were constructed at the high school. Congratulations to the Lions! The library expansion program began in earnest in June and will provide a better facility for library users. The Ransom-Tracey Park on Elm Street was completed and dedicated to William Tracey and Harold Ransom.

The housing rehabilitation program continued in 1987 with the winding down of the North Main Street project and the start-up of the Maple Street project. It is hoped this program will continue in the Summer and Winter Street area. This program is important as the quality of the housing is improved and houses are safer and provide improved living conditions.

The planning and zoning regulations were changed to provide better means of managing growth. The Planning Board and the citizens who worked with the Planning Board are commended for their long hours of hard work that was required to achieve these changes. More work needs to be done with the regulations.

Monitoring wells were placed in the old landfill site to monitor ground water to insure advanced notice of possible pollution of Pollards Mills well. Work also began on the well site in North New-
port and preliminary results indicate that that site can support a new well. The Clean Water Act passed by the Federal Government requires all surface water to be treated by 1991. That will require the Town to decide whether to develop underground sources or build a filtration plant at Gilman Pond.

My sincere appreciation to all of you who served on the various boards and commissions. Citizen involvement is critical for the effective functioning of the Town government.

Robert G. Horne
Town Manager

T O W N W A R R A N T

For the Town Meeting of March 8, 1988

State of New Hampshire

To the inhabitants of the Town of Newport qualified to vote on Town Affairs:

You are hereby notified and warned to meet at the Town Hall in said Town of Newport on the second Tuesday of March next at nine o'clock in the forenoon to act upon the following subjects:

ARTICLE 1: To elect one Selectmen for a term of three years.

ARTICLE 2: To elect a Town Clerk for a term of two years.

ARTICLE 3: To elect a Moderator for the ensuing two years and a Supervisor of the Checklist for the ensuing six years.

ARTICLE 4: To elect a Trustee of the Board of Trustees of the Richards Free Library for a term of three years.

ARTICLE 5: To elect a member of the Trust Fund Commission for three years and all other officers, auditors, agents and committees necessary to conduct Town business.

ARTICLE 6: To see if the Town will vote to authorize the Board of Selectmen and Town Treasurer to borrow money on the notes of the Town to meet current expenses in anticipation of taxes.

ARTICLE 7: To hear reports of Selectmen, Town Treasurer, Auditors and Committees heretofore chosen.

ARTICLE 8: To see if the Town will vote to authorize the Board of Selectmen to apply for and accept any and all Federal, State or private grants and gifts which may be available to the Town.

ARTICLE 9: To see if the Town will vote to authorize the Board of Selectmen to employ auditors to inspect the books of the Town and its departments for the ensuing year.

ARTICLE 10: To see if the Town will vote to authorize the Selectmen to transfer tax liens and convey property acquired by the Town by Tax Collector's Deeds by public auction (or advertised bid) or in such a manner as

determined by the Selectmen.

ARTICLE 11: To see if the Town will vote on the following matter: "Shall we adopt the provisions of RSA 80:58-86 for a real estate tax lien procedure? These statutes provide that tax sales to private individuals for non-payment of property taxes on real estate are replaced with a real estate tax lien procedure under which only a municipality or county where the property is located or the state may acquire a tax lien against land and buildings for unpaid taxes." (By Petition)

ARTICLE 12: To see if the Town will authorize the Board of Selectmen to accept private donations of land, interest in land or money for the purposes of contributing to the local matching portion required for acquiring conservation land or interest in land and other costs associated therewith for permanent conservation use under the N.H. Land Conservation Investment Program (LCIP) RSA 221-A, and authorize the Selectmen to apply for and accept the state matching funds under the LCIP for the purpose of acquisition of the fee or lesser interest in conservation land. Said appropriated funds and state matching funds may be expended by majority vote of the Conservation Commission with the approval of the Selectmen.

ARTICLE 13: To see if the Town will vote to sell and convey a right-of-way over and across a portion of the property of the Town conveyed to the Town by Tax Collector's Deed recorded in the Sullivan County Registry of Deeds on July 9, 1980 Vol. 662, Page 266 and situated on the north side of Sunapee Street in the vicinity of the Sunapee Street Pumping Station excepting and reserving any and all rights, privileges and easements that the Town may have therein and to authorize the Board of Selectmen to negotiate said conveyance upon such other terms and conditions as the Board deems fit.

ARTICLE 14: To see if the Town will vote to accept an easement over property of Four Lakes Corporation, which easement shall extend from property of the Town located on the northerly side of Route 11 and 103 along the westerly side of Four Lakes Corporation property to be used as a skiing and hiking trail, but not for any mechanical transportation, including bicycles, upon such terms and conditions as the Board of Selectmen deems fit, including but not limited to the exact area of the easement.

ARTICLE 15: To see if the Town will approve and adopt the proposed budget, raise and appropriate the various sums contained in the report and listed in the budget, and take any action thereon.

ARTICLE 16: To see if the Town will vote to appropriate the sum of \$218,080 to be used for the purchase and/or lease of the following equipment:

<u>Department & Description</u>	<u>Amount</u>
1. Town Office: Photo Copier	\$ 3,500
2. " " Personal Computer	1,250
3. Highway Dept.: Personal Computer	2,500
4. " " 35,000 GVW Dump Truck	
w/ Plows and Sander	66,000
5. " " 1 Ton Dump Truck	16,000
6. " " Front End Loader	18,000
7. " " Sander	8,000
8. " " Sweeper/Vacuum Lease	17,130
9. Cemetery Dept.: Jackhammer	4,200
10. Ambulance Dept.: Ambulance	44,000
11. " " 16 Channel Mobile Radio	2,900
12. " " 3 Portable Radios	1,700
13. Recreation & Parks: Van	15,800
14. " " Tractor	9,500
15. Police Dept.: 1 Cruiser Radio	2,200
16. " " 2 Portable Radios	4,400
17. " " 4 Pagers	1,000
Total	\$218,080

and to authorize the withdrawal of \$8,500 from the Ambulance Capital Reserve Fund and \$11,500 from the Highway Department Capital Reserve Fund; and to authorize the withdrawal of \$20,800 from the Federal Revenue Sharing Fund; said amounts to be applied toward the total, leaving a balance of \$177,280 to be raised in property taxes. (Submitted with recommendation by the Budget Advisory Committee)

ARTICLE 17: To see if the Town will vote to raise and appropriate the sum of \$40,000 for a study and design of a water source and development of distribution facilities, said sum to be paid for from existing water department reserves. (Submitted with recommendation by the Budget Advisory Committee)

ARTICLE 18: To see if the Town will vote to raise and appropriate the sum of \$50,000 for water pipe cleaning, said sum to be paid for from existing water department reserves. (Submitted with recommendation by the Budget Advisory Committee)

ARTICLE 19: To see if the Town will vote to raise and appropriate the sum of \$184,000 for inflow and infiltration removal from the sewer lines, said sum to be paid for from existing sewer department reserves. (Submitted with recommendation by the Budget Advisory Committee)

ARTICLE 20: To see if the Town will vote to raise and appropriate the sum of \$35,250 to be used for the purchase and/or lease of the following equipment for the water and sewer departments:

<u>Description</u>	<u>Amount</u>
1. Personal Computer	\$ 1,250
2. 3/4 Ton Dump Truck 4WD	18,000
3. 1 Ton Dump Truck 4WD	<u>16,000</u>
Total	\$35,250

said sum to be paid for from existing water and sewer department reserves. (Submitted with recommendation by the Budget Advisory Committee)

ARTICLE 21: To see if the Town will vote to appropriate the sum of \$80,000 for the purpose of a complete revaluation of property within the Town and to authorize the withdrawal of said amount from the Revaluation Capital Reserve Fund as established by a vote of the 1984 Town Meeting. (Submitted with recommendation by the Budget Advisory Committee)

ARTICLE 22: To see if the Town will vote to raise and appropriate the sum of \$25,000 for the design of an emergency facilities for the Police, Fire and Ambulance Services. (Submitted with recommendation by the Budget Advisory Committee)

ARTICLE 23: To see if the Town will vote to raise and appropriate the sum of \$35,000 for the construction/acquisition of a Recycling Building and Facilities. (Submitted with recommendation by the Budget Advisory Committee)

ARTICLE 24: To see if the Town will vote to raise and appropriate the sum of \$5,000 for reconstruction of the Coon Brook Road bridge. (Submitted with recommendation by the Budget Advisory Committee)

ARTICLE 25: To see if the Town will vote to raise and appropriate the sum of \$15,000 for an energy conservation project for Town owned buildings. (Submitted with recommendation by the Budget Advisory Committee)

ARTICLE 26: To see if the Town will vote to raise and appropriate the sum of \$20,000 for the design and installation of a traffic light at the intersection of Central and Main Streets. (Submitted with recommendation by the Budget Advisory Committee)

ARTICLE 27: To see if the Town will vote to raise and appropriate the sum of \$2,500 to the conservation fund as authorized by RSA 36-A:5 to be used only for acquisition in the name of the Town of the fee or lesser interest in conservation land and other costs associated therewith for permanent conservation use, and authorize the Selectmen to apply for and accept the state matching funds under the N.H. Land Conservation Investment Program RSA 221-A for the purposes of acquisition of the fee or lesser interest in conservation land. Said appropriated funds and state matching funds may be expended with the approval of the Selectmen. (Submitted with recommendation by the Budget Advisory Committee)

ARTICLE 28: To see if the Town will vote to adopt the provisions of the Municipal Budget Law. The Budget Committee shall consist of nine (9) members at large with one member being of the School Board and one from the Board of Selectmen. Said members at large will be appointed by Moderator, thirty days after the annual Town Meeting. One third of the members at large shall hold office for one year, one third for two years and one third for three years. Each year thereafter one third shall be elected for a term of three years and until their successors are elected or appointed and qualified. Vacancies in the membership at large shall be filled by appointment by the Moderator and such appointment shall be made within five days from the creation of the vacancy. Such appointees shall hold office until the next annual Town Meeting. The members selected by the School Board and Selectmen shall hold office for one year, until their successors are qualified. (By Petition)

ARTICLE 29: To see if the Town will vote on the following matter: "Shall we adopt the provisions of RSA 72:1-c which authorize any Town or City to elect not to assess, levy and collect a resident tax?" (By Petition)

ARTICLE 30: To see if the Town will vote to raise and appropriate the sum of \$1,300 to aid in continuing the work of the Lake Sunapee Business Association. This will assure a constant flow of tourism in our area which will defray higher taxes and increase services in the Town of Newport. (By Petition) (Submitted with recommendation by the Budget Advisory Committee)

ARTICLE 31: To see if the Town will vote to raise and appropriate the sum of \$13,000 for Community Youth Advocates, Inc., in order to assure continued services and counseling for the young people of this community. (By Petition) (Submitted with recommendation by the Budget Advisory Committee)

ARTICLE 32: To see if the Town will vote to raise and appropriate the sum of \$2,500 for financial support for Sullivan County Hospice, Inc. to serve the needs of the terminally and seriously ill throughout Sullivan County. (By Petition) (Submitted with recommendation by the Budget Advisory Committee)

ARTICLE 33: To see if the Town will vote to raise and appropriate the sum of \$9,000 for Sullivan County Youth Services. Sullivan County Youth Services is a new program operating on a federal grant from OJJDP working with Pre-CHINS and Pre-Delinquent youths servicing the Sullivan County. Our main goal is to reduce the number of petitions coming before court and to provide the earliest possible intervention services for troubled youths and their families. Our program operates on a fixed operational budget with no additional billings for clients served. (By Petition) (Submitted without recommendation by the Budget Advisory Committee)

ARTICLE 34: To see if the Town will vote to fluoridate its water supply. (Article to be amended to appropriate \$6,000 to implement the program.) (By Petition) (Submitted without recommendation by the Budget Advisory Committee)

ARTICLE 35: To see if the Town will vote to rescind the vote taken under Article 13-E of the March 10, 1981 Town Meeting which required three attendants to be assigned to the ambulance at all times.

ARTICLE 36: To see if the Town will grant to the Board of Selectmen the right to lease the Recycling Facilities to Sullivan County Rehabilitation Center, Inc. under such terms and conditions as the Board of Selectmen deems to be in the best interest of the Town.

ARTICLE 37: To see if the Town will vote to accept the provisions of Chapter 31:94-a to change the Fiscal Year date from January 1st to December 31st to July 1st to June 30th.

ARTICLE 38: To see if the Town will vote to adopt the following entitled ordinance:

NEWPORT AREA RECYCLING FACILITY ORDINANCE

Pursuant to the authority of RSA 31:39 f and RSA 147, the Town of Newport hereby adopts the following ordinance for the operation of its public waste disposal facility to be known as the Newport Area Recycling Center.

1. Hours:

The Recycling Center will be open for use by Newport residents and non-resident property owners, and residents and non-resident property owners of such other towns as approved by the Board of Selectmen.

A. The facility will be open on the days and during the hours as established by the operator but not less than 2 days per week and 4 hours per day. The days and hours of operation will be negotiated between the Board of Selectmen and the operator through a contractual leasing agreement at least annually.

2. Separation:

The following materials will be accepted at the Recycling Center. All material brought to the facility for disposal shall be separated into the following categories to be deposited in designated containers or locations as the recycling attendant directs:

- | | |
|-----------------------------|---|
| A. Clear Glass - | Shall mean empty clear glass containers. No ceramics, window glass or light bulbs. Labels do not have to be removed. |
| B. Green or Blue Glass - | Shall mean empty green or blue glass containers. No ceramics. Labels do not have to be removed. |
| C. Brown Glass - | Shall mean empty brown glass containers. No ceramics. Labels do not have to be removed. |

| E. Aluminum Beverage Cans - | Shall mean empty aluminum containers of a size of one gallon or smaller. Labels |

do not have to be removed.
Rinsed clean.

- F. Aluminum Foil &
Light Aluminum - Shall include all types of
light aluminum foil, frozen
food trays, rinsed clean.
- G. Plastic Milk Jugs- Shall be rinsed, cap removed
- H. Pet/Plastic Soda
Bottles - Cap removed.
- I. Household
Batteries -
- J. Paper - Shall mean all clean, dry,
paper separated into the
following categories:
 - 1. Newspapers.
 - 2. Corrugated paper, card-
board, and brown paper
bags.
- K. Rags - Shall mean clean, dry rags,
clothing. Buttons and
zippers do not have to be
removed.

Note: All other paper products such as junk mail, cata-
logs, magazines, shall be disposed of as "garbage".

3. Unacceptable Materials:

The following will not be accepted at the Recycling
Center:

- A. Stumps, portions of trees, limbs and brush.
- B. Harmful, hazardous or toxic substances.
- C. Sludge or septic waste.
- D. Any material which in the opinion of the
recycling attendant constitutes a serious
hazard to other users of the center, to the
property of the Town, or to the operation of
the recycling center.
- E. Leaves and clippings (all lawn clippings, green
and dry garden waste and manure).
- F. Building material of any type.

- G. Dead animals.
- H. Used motor oil.
- I. Garbage.
- J. Industrial waste (any waste from any process or industry, manufacturing, trade or business).
- K. Car and truck batteries.
- L. Scrap metal/white goods.
- M. Furniture.
- N. Tires.

4. Supervision:

The Recycling Center attendant shall have the right to refuse the use of the center to any person, corporation or other user who is misusing the center, or is violating this ordinance. Any such user who refuses to obey the legitimate orders of the attendant shall be guilty of a violation of this ordinance and subject to a penalty.

5. Burning:

No burning shall be allowed at the center.

6. Firearms:

The discharge of firearms at the center is prohibited.

7. Origin of Material at Center:

Only recyclable material collected within the limits of the Town of Newport or such other towns as approved by the Board of Selectmen, shall be disposed of at the Recycling Center.

8. Trespass:

The gate will be locked at all times when the Recycling Center is not open to the public. Anyone entering the Recycling Center when the gate is locked is guilty of trespass and shall be charged with violating the conditions of this ordinance and subject to a penalty.

9. Penalty:

Any person or corporation convicted of violating any provision of this ordinance or the directives of the recycling center attendant may be punished by a fine not to exceed One Hundred Dollars (\$100.00) for each violation.

10. Separability:

The invalidity of any provision of this ordinance shall not affect the validity of any other provision nor the validity of the ordinance as a whole.

11. Repeal:

This ordinance shall automatically repeal any other ordinance that is in conflict with this ordinance.

12. Effective Date:

This ordinance shall take effect on March 15, 1988.

ARTICLE 39: To see if the Town is in favor of the imposition of a State wide sales tax for the purpose of raising additional revenue for education and thereby reducing property taxes?

ARTICLE 40: To see if the Town is in favor of the imposition of a State wide income tax for the purpose of raising additional revenue for education and thereby reducing property taxes?

ARTICLE 41: To transact any other business which may legally come before said meeting. (Polls shall open for the reception of ballots at 9:00 A.M. and shall not be closed earlier than 7:00 P.M. and the business portion of the meeting shall start at 6:00 P.M.)

Given under our hands and seal at Newport, New Hampshire this 22nd day of February, 1988.

Virginia O. Irwin, Chair
Arnold Greenleaf
David C. Arnoldy
Matthew J. Bonaccorsi
Oliver L. Zullo

REPORT OF THE
AMBULANCE DEPARTMENT

The Ambulance Department is prepared to respond to the emergency medical needs of our citizens and our neighbors with skilled attendants and modern lifesaving equipment, 24 hours of every day. It is the taxpayers that make this level of pre-hospital care possible and we wish to express our gratitude for their continued support in 1987.

Over the past year, ambulance personnel responded to 871 calls for medical assistance. Although this figure represents 8% fewer responses than in 1986, demand for Emergency Medical Services is increasing. A reduction in our area of coverage and limitations on non-emergency transfers were significant factors in keeping this department's response volume under 1,000 calls. It is anticipated however, that continuing growth in Newport and those surrounding communities which provide financial support to the ambulance service will generate a steady annual increase in demand for service.

Ambulance personnel devote many hours to the service, in addition to maintaining full time jobs outside the department. Because of this dual commitment, more attendants are needed to share the work load. We are currently recruiting qualified people, and will be conducting a training program to certify other individuals who are interested in joining the department.

Currently, the department operates with 10 dedicated Emergency Medical Technicians. Several attendants have additional training in advanced life support techniques including IV therapy and cardiac defibrillation.

The Board of Selectmen and Budget Advisory Committee have approved replacing the 1979 modular ambulance with a new ambulance this year to provide more reliability for the ambulance service.

Again in 1988, the Ambulance Department hopes to train as many people as possible in CPR. For a small investment of one or two evenings a year, lives can be saved. Any member of the department will be happy to locate or teach the course for as few as six people in a class.

Brian W. Tracey
Director

REPORT OF THE
CONSERVATION COMMISSION

The Memorial Tree Project continues. This year a flowering crab tree was donated to the memory of Chester Silver and dedicated Memorial Day, 1987. Also, we planted a blue spruce tree in the Ransom-Tracey Park on Elm Street.

The trees that have been damaged or killed by salt or Japanese beetles are being replaced. The two remaining elms have been sprayed and fertilized. In the spring they will be pruned.

All Dredge and Fill Application sites were inspected and approved.

The Trust for New Hampshire Lands sent an advisor to speak to our group about qualifying for matching funds. He also walked with us along the proposed Greenway from Newport to Guild.

The conservation members have attended several workshops to study the Trusts for New Hampshire Lands.

Ted Fratzel and Carl Brennan were chosen from the Newport High School to go to a camp run by N.H. Society for the Preservation of N.H. Forests.

Conservation Commissions of N.H. were invited to a barbeque and tour of the camp. Our group was favorably impressed with programs and facilities.

Two of our members attended the Annual Meeting of the New Hampshire Conservation Commissions on Saturday, November 8, 1987.

Nancy Parssinen
Chairperson

REPORT OF THE
CEMETERY DEPARTMENT

In 1987, the Cemetery Department assisted with 77 burials:

Pine Grove	41
St. Patrick's	23
North Newport	13

In 1987, the Cemetery Department continued to try to maintain 5½ cemeteries. It was a difficult year. One part-time and two full-time employees left the department due to illness. We were fortunate to be able to hire responsible people to replace them.

Along with the routine burials, mowing, trimming and repairing graves, we were also able to finish the garage in Pine Grove Cemetery.

We repaired the iron fence in North Newport Cemetery and, with the help of the Highway Department, picked up and repaired a large monument on top of Maple Street Cemetery which had been vandalized for the second time.

Robert Hutchinson
Superintendent

REPORT OF THE
RECREATION AND PARKS DEPARTMENT

The Newport Recreation and Parks Department saw many changes in 1987. The Newport Lions Club Track Project is 95% complete with only some landscaping around the outside of the track to be completed in the spring of 1988. The softball field project has raised the matching funds to meet the Land and Water Conservation Fund Grant request of \$40,000. The money was raised through private donations. The department is waiting for final approval from the National Park Service with regard to the Land and Water Conservation Fund. It should be noted that the Newport Lions Club took the lead role and was responsible for raising more than \$70,000 to construct the all-weather track at the Athletic Recreation Complex. I, as director, of the department applaud them for their outstanding accomplishment on behalf of the Newport community.

The department has had some personnel changes in 1987. Robin Pettingell resigned in August with more than three years service. Floyd "Bud" Deyo was hired in September 1987. Madeline Hooper working under an Older Americans Act Title V Grant was hired permanently by the Sullivan County Nutrition Program as a Recreation Aide.

The department has maintained the same number of recreation programs offered to the community. The biggest changes in 1987 have been in our grades 1-4 programs as the number of children participating has increased in each of the following activities: T-Ball, basketball, flag football, as well as our special events for this age group.

The department added two new facilities in 1987; the all-weather six lane running track, with long jump pits, pole vault and high jump areas. The second area was a new park dedicated on Veterans Day, November 11, 1987, to Harold Ransom and William Tracey for their contribution to their town during their lifetime. The park is to be known as Ransom-Tracey Park. This park is located on Elm Street near the Sugar River. The baseball field at Meadow Park received heavy damage from spring flooding as certain areas had to be rebuilt including the infield and pitchers mound.

The department received the prestigious New England Regional Council Award for having the best community "Life. Be In It" program of all of New England cities and towns that promote this theme. Our program was for its July: Let's Celebrate on the Town Common Day. Another significant event was Director Larry Flint was elected to the Board of Directors for the Council of Affiliated Presidents (CAPS), a national organization representing recreation and park professionals from state associations to National Recreation and Park Association.

The department awarded its "Life. Be In It" Volunteer Award to two individuals in 1987, Dean Smith and Bruce Johnson for dedicated service to the youth of Newport. The "Life. Be In It" Media Award went to the Argus Champion for its coverage of recreation and park events in Newport and promoting the meaning of "Life. Be In It." A new Award for Business was established by the department in 1987. This year the award goes to Violette's Supermarket for all it contributes to making Newport a better place to live.

The Newport Recreation Advisory Council has seen some changes as Wayne Weed, Ellen Soucy, Mark Tremblay, Dawn Boucher and Dawn Ranney became members. William Thurlow was elected Chairperson and Ellen Soucy, Secretary.

I want to thank all the Town departments for their assistance in helping our department reach its goals and objectives.

Lawrence W. Flint
Director

REPORT OF THE POLICE DEPARTMENT

The Newport Police Department has observed increased growth both in residential and the business community. There has been increases in traffic on all main and secondary highways. Large vehicles, trucks and wide load manufactured home types of traffic have increased. 1987 saw increased tourism in the community which showed itself in the number of persons asking for directions or other assistance. The population of Newport swells during the working hours due to the excellent business climate of new businesses and present businesses expanding their work force.

We find new people moving into the community who use the police service more than perhaps the native residents.

Society as a whole is becoming service orientated in nature. Requesting and requiring more service from all facets of Town government.

These are just a few examples that demand increased police service for calls.

On the criminal side of the picture, Newport Police Department has made or assisted in increased drug related arrest this year. One major investigation was the uncovering of a sophisticated drug laboratory. A lab capable of producing several ounces of methamphetamine per day, a drug known by users as "speed". Imagine this amount of speed or drugs out on the streets of Newport. Imagine the parent who finds his ten or twelve year old child high or even hooked on speed.

Cocaine is the drug of today. Increased arrests for possession or possession with the intent to sell in Newport and surrounding communities is a major concern.

The next crime which we have had numerous investigations on is child abuse and sex abuse of children. These crimes start with attempts to get a child in cars by

strangers to sexual abuse by family members or strangers.

These are some of the service calls and investigations that consume a great deal of the Police Departments time. These are the reasons for the request for extra personnel in the Newport Police Department; that the citizens would support the requested positions to help fight at least the increased crimes that I have talked about.

The Police Department, through the generosity of private and business donations, has acquired a K-9 Unit or police dog named Atlas. Atlas has already been instrumental in the apprehension of persons. He has been used in tracking situations of lost people. The search of found open buildings is a major benefit for the department. Atlas is an asset to both the department and the community.

A needs assessment study has been completed for the construction of a Public Safety Complex. The Police Department is in a real need for space and again, I am asking for public support to accomplish this goal.

The budget, or plan for 1988, attempts to address these and other issues for controlled growth of the department but also at the same time, looking at long range planning.

At this time I would like to express my sincere thanks and appreciation to the residents of Newport for their support. The business community has worked with us on many issues of mutual concern to make our Town a pleasant place to live, work and play. Cooperation from all other Town departments have helped us on many occasions and I also wish to express our appreciation of assistance from other law enforcement agencies.

Arthur G. Bastian
Chief of Police

REPORT OF THE
FIRE DEPARTMENT

The Fire Department responded to 870 calls in 1987. Included in the total were 47 box alarms, 229 still alarms, 21 mutual aid calls, 2 false alarms and 571 calls for inspections.

This year 37 men attended training classes and school for a total of 2001 hours. This year 5 men took the State Certification course for Firefighter I, making a total of 24 certified firefighters in the department.

We also instituted a new fire prevention program that consists of safety tips being presented on the local radio station weekly. Our sincere thanks to the radio station, WCNL, for allowing us to do these.

The BOCA National Fire Prevention Code was also adopted by reference this year.

On behalf of the Fire Department personnel, I wish to express my appreciation to other Town departments and to the citizens of Newport for their help in keeping fire losses low and supporting our activities.

Armand T. Connor
Chief

REPORT OF THE TOWN FOREST FIRE WARDEN
AND STATE FOREST RANGER

Between July 1986 and June 1987, we experienced fewer fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest tax law may be violated, call your Forest Fire Warden or Concord Forest Protection Headquarters at (603) 271-2217.

If you own forest land, you became responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

Forest Fire Statistics - 1987

Number Fires Statewide	403
Acres Burned Statewide	189
Cost of Suppression	\$44,682
District: 26 Fires - 8.5 acres	
Town: 2 spot fires	

Armand T. Connor
Forest Fire Warden

REPORT OF THE
OFFICE OF EMERGENCY MANAGEMENT
(Formerly Civil Defense)

This is our ninth Annual Report as Co-Directors of Newport Civil Defense. Two important changes have taken place over the last year. First the name "Civil Defense" has been changed at the Federal level to "Office of Emergency Management". This coincides with the State Offices' name change to the "Governor's Office of Emergency Management". Hopefully, this change will alter our image to reflect the added and broader scope of Emergency Response which includes the responsibility to respond to all types of natural and man-made emergencies.

Secondly, Evans Juris resigned as Co-Director and Sgt. David Hoyt of the Police Department has replaced Evans Juris as Co-Director.

During 1987 we were activated to assist during the flooding in the month of April. We patrolled the high water areas, assisted several families affected by the flooding, provided sand bagging to reinforce the dam and along the Sugar River by the Village Pizza and we opened temporary shelters at the High School and Fire Station.

During the year we accomplished much in the lines of communications, transportation and administration. The following was accomplished:

1. The Basic Emergency Plan was totally rewritten.
2. A used van/bus was purchased from the School Department and rehabilitated to replace the old Mobile Command Post which was in poor condition.
3. A Hazardous Materials Reference Library was purchased and stored at the Fire Department dispatch for use by all emergency personnel.
4. Two new antenna leads installed from the Town Hall roof to the Emergency Operating Center, for scanner and C.B. communications to provide a link with the public.
5. A battery conditioner was purchased for the emergency generator.
6. All files were updated and reclassified.

7. All radiological meters were tested and new batteries installed.

As in the past, our roster is in need of some new names. Individuals interested in joining are urged to contact our agency.

Bruce E. MacDonald
Evans E. Juris
David A. Hoyt
Co-Directors

REPORT OF THE
OFFICE OF PLANNING AND ZONING

During 1987 a dramatic increase in growth has occurred throughout Newport. Through the efforts of the Planning Board, Site Plan Review Board, Zoning Board of Adjustment and many citizens of Newport, as well as new developers, we are experiencing the start of beneficial and controlled growth vital to an improved economic situation in the Town of Newport.

The Office of Planning and Zoning is responsible for many activities. The major responsibilities are:

Planning and Site Plan Review Board: Providing assistance, research and act in an advisory capacity to the Boards. To insure the Boards are aware of the laws and regulations of the State of New Hampshire and planning procedures. During the past year this office provided information and recommendations for 101 applications which came before the boards involving major and minor subdivisions, annexations and site plan reviews. The functions of the boards have become increasingly vital to the Town to insure appropriate land use and growth.

Zoning Board of Adjustment: Assistance was provided to the Zoning Board of Adjustment in preparation of research letters for members covering zoning laws, ordinances and State laws for cases heard by the Zoning Board of Adjustment. In 1987, the Zoning Board of Adjustment acted on sixty five cases involving variances, special exceptions, appeals and rehearings. The Zoning Board of Adjustment has faced some very complex cases this past year and resolved each one successfully.

Zoning Administrator: This past year has seen the Administrator make 820 inspections of one type or another. He has investigated over 75 possible zoning violations reported by residents of the Town. The Administrator issued 345 Building Permits from January, 1987 through December, 1987, a 47% increase over 1986. From the same period, new construction was \$4,281,616, additions and repairs of \$1,895,376. This represents a total of approximately \$6,176,992 being spent in the Town of Newport during 1987.

Community Development Block Grants: A federal government program developed through and administered by the Office of State Planning. Purpose of the program is to provide funds to rehabilitate single family homes and apartment units for low and moderate income families. This office

administers the funding under the direction of the Town Manager and Board of Selectmen. Since 1983 the Town has received \$819,000 to assist approximately 100 families. We are presently administering a \$200,000 grant for housing rehabilitation in the Maple Street area. A new grant application is being submitted for the Summer Street area rehabilitation project for 30 additional units to begin in July if approved by the Governor and Council.

In 1987 the office staff have met with, and answered questions of approximately 1,114 professionals, developers and citizens of Newport. Further, the staff has attended many workshops and seminars such as BOCA, Zoning and Building, Strategic Planning, Law Lectures for land use, to provide the best quality of service to the citizens of Newport.

And finally, the staff assisted the Town Manager in special projects.

In retrospect, 1987 has been a very fruitful year for Newport, and we are looking toward an even better year in 1988.

I would like to take this opportunity on behalf of the Town and this office to offer a tremendous "Thank You" to all the Town officials, the members of all of the boards and committees that give so much to the Town of Newport, and also, a very special "Thank You" to the citizens of Newport.

William R. Davies
Director

REPORT OF THE
PUBLIC WORKS DEPARTMENT

The Public Works Department comprised of the Highway, Water and Sewer Departments have had a very active and productive year in spite of the extensive efforts required of the crews to repair over \$200,000 in flood damage that occurred last spring.

There are a number of significant projects which will get underway in 1988 including replacing and repairing the Town's infrastructure system to include roads, bridges, water and sewer. Several construction projects will be started this spring which include the reconstruction of a portion of Oak Street, Whitcher Road, Winter Street and Summer Street and the sewage lagoon construction. Newport has the distinction of having more bridges than any other town in New Hampshire, several of which will require immediate attention to keep them in service. Plans are being made to perform badly needed annual preventive maintenance and routine minor repairs to the bridges. No doubt, these projects will make 1988 an exciting and interesting year.

Repair work on each end of the Oak Street bridge in North Newport was completed early this year. It is now open to one-way traffic. However, additional major work remains to be done on this bridge in the very near future to prevent potential failure.

Coon Brook Road bridge, over the Sugar River, has been dismantled. New abutments were installed this winter. The bridge is scheduled to be completely reconstructed by the first of May, 1988.

Improvements have been made on several gravel and paved roads throughout Newport during 1987. This effort will resume again this summer.

The water main pipe cleaning program was started late this past fall, and will resume again in the spring. The sections of pipe cleaned to date have improved flows considerably. We wish to thank all those who patiently endured all the inconveniences caused by this project. Hopefully, additional funds will be appropriated to continue this important work throughout town.

Three monitoring wells were installed near the old Town landfill on Breakneck Road. A sampling and testing program was begun to determine if any hazardous leachate is entering the downstream ground water.

An eight inch test well and several 2½ inch monitoring wells were installed north of Haserlat Park. Preliminary test pump results indicate that this site has an excellent potential for becoming a significant municipal water supply.

It's good to be back in New Hampshire. The friendly and warm reception my family and I received upon our return has been heart warming.

Jerry O'Mara
Director

REPORT OF THE HIGHWAY DEPARTMENT

Due to the severe flood damage Newport's roads sustained early in 1987, the Highway Department fell behind schedule by approximately 10 weeks. Therefore, some planned projects are incomplete at this time and have been rescheduled for 1988, which places a heavy burden on the coming year's work schedule.

Even with the problems that faced us in 1987, the department managed to complete the following:

Twenty-two thousand yards of bank run gravel was crushed and stock piled in order to be readily available to the Town when needed for repairing roads.

A portion of the sidewalks on Park Street, Central Street, North Main Street, Sunapee Street and Main Street were shimmed with hot top.

Road reclamation and resurfacing was performed on Sand Hill Road, Chateau Drive, Putnam Road, Fairbanks Road, Roseland Road and DeWalt Extension.

The Court and Myrtle Street project was completed with the final surface of hot top and the landscaping of the roadsides.

Drainage for the Library's new parking lot, as well as the building's roof drains, were connected to the Town's storm drain system.

Newport's Recycling Center was created in 1987. The yard was shaped, the driveway and building were constructed, the water lines installed, and the septic sys-

tem built by the Highway Department.

The road leading to the Water Department's new test well site, off Route 10, North, was constructed.

The failed septic system at the Public Works Garage was replaced.

The State of New Hampshire declared the Coon Brook Road bridge unsafe. The Highway Department closed and disassembled the bridge in preparation for rebuilding it in 1988.

Six foot culverts were installed on Endicott Road and Ayres Road in order to adequately handle the flow of water during heavy rains.

In addition to the many gravel roads which were shimmed with crushed gravel, East Mountain Road, Endicott Road, Ayres Road, and a portion of Chandler's Mills Road were resurfaced, while Pysz Road, Turkey Hill Road, the north end of Sand Hill Road, and the west end of Bascom Road were reconstructed.

As part of the routine maintenance program, gravel roads were graded, crosswalks were painted, many potholes were patched, traffic signs were repaired and replaced, bridges were posted with legal weight limit signs, dangerous trees were removed, basins were rebuilt and cleaned, roadside brush was cut, roads and sidewalks were swept, many culverts were replaced, and ditches were improved.

Approximately 1,500 tons of salt and 2,300 cubic yards of sand was used for traffic safety during the winter of 1987.

Fraser Michaud
Superintendent

REPORT OF THE
WASTEWATER TREATMENT PLANT

1987 started out as a busy year for the treatment plant personnel, with record snowfall in January and the heavy flooding experienced in April, many manhours were expended in keeping the plant open and operating. Overall, total rainfall for the year was just about average for the 16 years that the plant has maintained the weather records.

Work is progressing on the new aerated lagoons, the final design is being formalized now and all engineering work should be completed soon. As soon as that work is completed, the facility will be then put out to bid, with construction to begin in the first half of 1988.

During 1987 the plant personnel attended various State training seminars for upgrading operator certifications. Also, with the purchases of some additional lab equipment, we have begun putting in motion a preliminary monitoring program to assure compliance of the Town sewer use ordinance by the industrial users of the sewer system.

The lagoons in Guild are going on their third year of operation, under Dorr Woolen maintenance personnel, utilizing the Aire-O2 aeration system. There has been a tremendous improvement in the quality of effluent discharged into the Sugar River, since the implementation of the aeration system. Within the last few months, Dorr Woolen has installed additional aeration units, in a previously unaerated lagoon, to improve the overall capability of the lagoon system still further.

This year we were visited by several school groups and various citizens. We certainly appreciate your visits and look forward to seeing more people as construction begins in earnest early next year.

Throughout 1987 the plant handled an additional 17,000 gallons per day, more than was handled in 1986, on an averaged daily flow basis. During the past 12 months, the following amounts of wastewater and by-products were processed. 1986 figures are in parenthesis.

Putnam Road

Wastewater	276,624,000 gals.	(270,300,000)
Sludge Dewatered	815,800 gals.	(762,500)
Sludge Cake to Land-fill	397 cubic yds.	(344)

Septage Handled 104,100 gals. (210,000)

Dorr Lagoons

Wastewater 276,383,100 gals. (261,263,000)

I wish to express my appreciation to the community and the various Town departments for their assistance throughout the year.

Arnold L. Greenleaf
Plant Superintendent

REPORT OF THE
WATER AND SEWER DEPARTMENTS

In 1987 the departments were involved with preparations and assisting with the first phase of a pipe cleaning program. This included locating and repairing gate-valves, gate-boxes, service shut-offs, and the replacement of iron service lines in the areas affected. Work with the pipe cleaning crew included excavations, installation of valves and tees, and operating all gate and service valves needed to isolate the sections of mains that were cleaned.

Preliminary location work was done to assist in the engineering of utilities improvements to be done in conjunction with the road improvement program.

Along with our everyday maintenance of our utility stations, the following services were provided:

Water Investigations/Problems	58
Water Turned On	26
Water Turned Off	29
New Water Services	16
Water Services Repaired/Replaced	21
Water Main Repairs	8
Meters Installed	117
Meter Readings	53
Service & Gate-Box Repairs	22
Hydrants Replaced	7
New Hydrants	1
Hydrants Repaired	9
Frozen Water Lines	5

Sewer Investigations/Problems	12
Plugged Sewer Mains	25
Sewer Connections	5
Sewer Line Repairs	1
Alarm Calls & Repairs	9
Manhole Repairs	8
Major Equipment Repairs	8
Miscellaneous (not routine)	43
Road Repairs	31

Projects for 1988 are planned as follows:

- 1) Completion of phase I of the pipe cleaning and the beginning of phase II.
- 2) Continuation of the meter replacement program.
- 3) Assistance with the utilities during the road improvements program.

Michael E. Patten
Acting Superintendent

REPORT OF
LAKE SUNAPEE HOME HEALTH CARE

"When it comes to health care, there's no place like home."

Lake Sunapee Home Health Care, Inc., is a non-profit, Medicare certified, state licensed home health provider, serving seventeen towns in merrimack and Sullivan counties.

Our organization was formed July 1st, 1987, by a merger of the Newport Area Home Health Agency and the Kearsarge Visiting Nurse Association. This merger has allowed us to collectively decrease administrative operating expenses, while increasing services to area residents.

Expanded programs include social service, long-term care, respite care, parent-child program, foot-care clinics, hearing clinics and flu clinics. Below are the services provided to the residents of the Town of Newport for 1987:

<u>Home Health Care Visits</u>	<u># of Visits</u>
Skilled Nursing	1249
Physical Therapy	244
Speech Therapy	6
Occupational Therapy	5
Home Health Aide	999
<u>Maternal Child Health Visits</u>	
Skilled Nursing	220
<u>Adult Health Clinics</u>	
Clients Served	78
<u>Child Health Clinics</u>	
Clients Served	212
<u>TOTAL VISITS 1987</u>	3013
<u>Long Term Care</u>	
Client Contact Hours	1085

Please remember...your Town appropriations serve as "insurance" that medically necessary nursing and clinical services continue uninterrupted to your loved ones and neighbors who are in need of care.

If you know someone who needs these services, please call us at 526-4077 in New London, or 863-4088 in Newport, for a free evaluation visit.

Thank you for your continued support and your confidence in Lake Sunapee Home Health Care.

Charen L. Urban, MS
Executive Director

REPORT OF THE PLANNING BOARD

During 1987 the Planning Board acted on 101 applications including major and minor subdivisions, annexations and site plan reviews. Board members spent considerable time at hearings and in the field reviewing many of the properties involved to gain as much information as possible to improve the decision making process.

Again this year, Board members attended the New Hampshire Law Lectures, providing the members of the Board with a broader knowledge of land use laws and State statutes resulting in more effective functioning of the Board and better service to the citizens of Newport.

The Zoning Ordinance Review Committee, a group comprised of the Planning Board members and other citizens, met almost weekly for most of the year to draft, edit and finalize a series of Zoning Ordinance changes to enable the Town to respond to the growth pressure currently being experienced. The proposed ordinances were adopted by voters at a Special Town Meeting on November 24, 1987.

Work is scheduled to begin on additional Zoning Ordinance and Subdivision Regulation revisions during the coming year.

Robert E. VanDerpoel
Chairman

REPORT OF THE
LIBRARY ARTS CENTER

(not supported by Town funds)

The Library Arts Center's 20th season was highlighted by a series of quality exhibits of fine arts, crafts and history, the addition of children's performances and expansion of art classes. In the midst of the Library's construction project, the Arts Center saw growth in both gallery attendance and participation in art and humanities programs.

The 20th Anniversary Invitational Exhibition celebrated the opening of the season. Fifteen area artists who had contributed in past Arts Center exhibits were asked to return for a show of recent paintings, illustrations, photography, prints and sculpture. In the Backstage Gallery, From Finland explored the cultural heritage of Newport's Finnish population in the early 1900's and their influence on the community. First, second and third generation Finns attended a day-long program that recounted the Finnish experience through documentary films, slide presentations and much conversation.

Kenneth Andler: A Retrospective Exhibit honored one of Newport's best known and respected citizens. Over 80 of Andler's paintings of Newport and northern New England were exhibited alongside his collection of short stories, novels and articles.

Wood was the theme of the two summer exhibits. Jon Brooks' furniture and sculpture showed the natural beauty of native wood in his early pieces and abstractions of traditional furniture designs in his recent works. In contrast, New England Engraved: The Prints of Asa Cheffetz, borrowed from the Springfield Museum of Fine Arts, featured fine detailed wood engravings of traditional New England scenes.

Portrait, still-life and landscape paintings in the realistic style by North Newport artist Mary Jane Q. Cross were seen in Capsules of Realism by Q. Cross. Her three-day Portrait Demonstration, attended by many amateur artists and interested viewers helped explain techniques and problems encountered in portraiture.

Once again, the Soo-Nipi Quilters Guild inspired visitors with their annual fall exhibit, Quilts: An American Legacy VI. The gallery was lively, with high show attendance, 14 elementary and high school classes touring the exhibit and over 50 attending Stenciling Work-

shops. The season's final exhibit was postponed to allow for completion of renovations and winterization of the gallery.

In addition to exhibits and programs, the Main Gallery was used by the Newport Revitalization Committee, Newport Opera House, Richards Library and private individuals for meetings and receptions and the Newport schools for many assembly programs and special year-end functions.

Four children's performances were held free of charge as part of the "Summer Arts for Kids" program. Juggler Andrew Schwartz, magician Rob Higgins, the Little Red Wagon and Green Mt. Guild Theatre for Children entertained families on the Town Common and in the Main Gallery.

Participation in the art classes climbed dramatically this season. In the popular children's pottery classes, 60 students experimented with handbuilding and learned to throw on the pottery wheels. Children's printing and drawing, and adult pottery, drawing and painting, photography and chaircaning classes drew many students, introducing them to new techniques, mediums and talents.

Much of the success of the 1987 season is attributed to private, corporate and government funding. Grants from 8 local businesses, the New Hampshire State Council on the Arts and National Endowment for the Arts supported the exhibit program. Funds provided by the Friends of the Richards Library enabled us to present the summer performances for children and another grant from the New Hampshire Charitable Fund (Newport Fund) helped subsidize the studio art classes. The Arts Center Endowment Trust, a new fund established to provide operating support topped the \$110,000 mark through generous gifts and pledges from Newport area individuals and corporations. Membership donations and continued participation in the Fundraising Dinner, Apple Pie Crafts Fair and Dickens Christmas Fair helped to raise funds for programs.

As always, volunteers contributed valuable time and expertise at the Arts Center. Assisting with fundraising events, leading students on gallery tours, helping to curate and hang exhibits and assisting with daily operations, volunteers made possible an active season of arts programming for the community.

Kathy Muller
Executive Director

REPORT OF THE
LIBRARIAN - RICHARDS FREE LIBRARY

The year 1987 will long be remembered as the year that groundbreaking for the new wing connecting Richards Free Library with the Library Arts Center took place -- on June eleventh to be exact. Although actual construction began in May of 1987 and concluded in January of 1988, the major portion of construction occurred in 1987. Most importantly, the new wing provides space for the greater part of the Library's collection of fiction and non-fiction; new circulation desk; new reference area, new work areas for library staff and new study carrels and workroom for library users. The staff and volunteers of Richards Free Library continued to provide effective library service despite the disruption of construction and renovation. The Library remained open until November 25; for most of December, staff and volunteers cleaned books and moved them from old shelving to new shelving. Assistant Librarian Luann Justak planned and coordinated the relocation of books. On December 19, the Library opened for limited hours so that borrowers could check out and return library materials. As of February 1, 1988, Richards Free Library will again be open forty-three hours per week with even more to offer to people in the community who have been patiently waiting for construction and renovation to be completed.

THE YEAR OF THE READER was observed in every library throughout the Nation. Certainly this was true at Richards Free Library in Newport. Since 1987 was also the Two Hundredth Anniversary of the signing of the American Constitution, the National Endowment for the Humanities established a matching grant program for American libraries to provide for the purchase of books about the Constitution. Thanks to the generosity of BANKEAST, LAKE SUNAPEE SAVINGS BANK AND SUGAR RIVER SAVINGS BANK, a BICENTENNIAL BOOKSHELF will be established at Richards Free Library so that readers may find out more about this cornerstone of American democracy. Richards Free Library was one of twelve libraries in New Hampshire and one of one thousand with the United States to be so designated. My thanks to Bliss Dayton, Brian Towne and Bob Wilkie and the National Endowment for the Humanities for providing the funds necessary for establishing this valuable addition to the collection.

Another example of THE YEAR OF THE READER was the Summer Reading Program that was planned for young readers in grades one through six. Judy Atwood, Children's Coordinator at the time, selected a TREASURE HUNT theme that

was an immediate success. Lee McGray provided the funding for this eagerly anticipated annual event.

READING ALOUD at Woodlawn Nursing Home began this year with volunteers Chris Eldredge, Peter Franklin, Anne Fries, Audrey Garner, Pauline Horan, Peter Irwin, Franny Starkweather donating one hour per week to read short stories to those who live at Woodlawn.

Pre-school age children have enjoyed stories read to them in the Tomie de Paola Room since October by Heidi Bartlett, Betty Bickford, Ann Davidson, Anne Fontaine, Peter Franklin, Pauline Horan, Biddy Irwin, Luann Justak, Linda Morrow, Allison Reynolds, Peter Reynolds, Kenneth Strully and Carol Sullivan. Reading and being read to are activities that encompass the interest and enthusiasm of all ages. Richards Free Library is truly fortunate to have so many dedicated volunteers who are willing to share their time with others.

The year 1987 was also designated to be PLUS -- PROJECT LITERACY in the United States. Tutors and students met at Richards Free Library until construction intervened. As a member of the Adult Tutorial Advisory Council, I learned that illiteracy defies social and economic boundaries and that programs such as the one developed by Phyllis Wilcox are essential to the success of adults learning to master the necessary skill of reading. A literacy grant is in the planning stages that will provide reading materials in area libraries for those who are just beginning to read. Libraries, as you can see, provide the ideal setting for people and books.

Displays enhanced people's enjoyment of their library during 1987:

- 1) Great Britain -- cultural, historic and artistic memorabilia and books -- lent by Pam Gay, Theda Louise Bryant, Terry Moore, Esther and Jim Gray and Luann Justak.
- 2) Maple Sugaring-- tools and other implements used in the past and during the present with accompanying descriptions by Becky and Bennie Nelson of Beaver Pond Farm.
- 3) Recycling -- examples of what can be recycled with descriptive literature donated by Connie Leach of the NH/VT Solid Waste Project.
- 4) Toby and character jugs -- lent by Eleanor Shadis.
- 5) Wedding Gown -- sewn by Elsa Wilson.
Blankets, scarves -- woven by Elsa Wilson and Esther Pollard.

- 6) Original Wallhangings -- designed and stitched by Allison Erikson.
- 7) Young Authors -- display of books written by students from Richards and Towle schools.
- 8) A Map View of the World; Castles; creations inspired by the books ISLAND OF THE BLUE DOLPHINS -- lent by the students of Dan Cherry's class at Towle School for the Children's Dept.
- 9) Beaded evening bags from the early 1900's -- lent by Clare Foulsham.
- 10) ESPANA -- coins, books, posters, paintings, doll, photos, ceramic figures -- lent by the Strully family.
- 11) Banned Books Week -- posters and books chosen to emphasize the importance of "Reading -- the first defense of freedom."

VOLUNTEERS -- IMPORTANT PEOPLE (VIP) (begun in 1986) continued to provide invaluable assistance to the effective operation of all phases of library procedures. Those who were involved on a regular basis included: Harriet Davis, Pam Gay, Pauline Horan, Mildred Maxwell, Pat Stephan and Joyce Sielewicz. I would like to thank volunteers along with staff members for cheerfully and patiently enduring the many unusual circumstances that occurred during the past year.

The following people worked at Richards Free Library during 1987: Luann Justak, Assistant Librarian; Anne Purnell, Administrative Assistant; Vickie McNally, Library Assistant; Betty Pariseau, Library Assistant; Joyce Walsh, Library Assistant, Sue O'Brien, Temporary Children's Assistant, July Atwood, Children's Coordinator; Amy Lord, Page and Lisa Merry, Page.

In March 1987 I regretfully accepted Betty Pariseau's resignation. Betty had worked at Richards for many years and was always ready to greet people with a smile and an offer to help. She is missed by everyone who has ever been acquainted with her. Fortunately she returns to the Library frequently; people are always happy to welcome her back.

In January of 1987, Dorr Woolen Company gave a generous sum of money to the Library to be used as needed. The Trustees agreed to purchase an addition to the overcrowded card catalog. Library staff members and patrons greatly appreciated the gift from Dorr Woolen Company that made it possible to enlarge the space for author, title and subject cards.

THE FRIENDS OF THE LIBRARY were actively involved with a successful auction on August 29, 1987. The funds that

were raised that night were donated to Richards Free Library and the Library Arts Center. The various committees contributed many long hours toward what turned out to be one of the highlights of the year. My special thanks to Barbara Kvetcovsky, President; Marty Lovely, Vice-President; and Walter Gay, Treasurer for organizing such a popular event.

The annual SARAH JOSEPHA HALE AWARD was presented to David McCullough on July 31, 1987 at the Newport Opera House. The dinner preceding the Award was open to the public for the first time and many people welcomed the opportunity to dine with the recipient before attending the Awards program.

Since this is the final report that I shall write as Librarian of Richards Free Library, I should like to thank the citizens of Newport for their encouragement, support, interest in the welfare of the Library and most importantly, their friendship during the brief time that I served the Town as Head Librarian.

REPORT OF THE
UPPER VALLEY - LAKE SUNAPEE COUNCIL

The Upper Valley-Lake Sunapee Council is a public, non-profit voluntary association of towns and cities in the Upper Valley areas. Our thirty-one (31) communities are in two states and five counties.

The Council consists of a Board of Directors and a professional staff. Each town or city annually appropriates funds for the Council's operation and sends two or three representatives to participate on the Board of Directors. The Board elects officers, adopts the annual work program and budget, and develops policies and positions on issues that are important to our communities.

The Upper Valley-Lake Sunapee Council is the official organization that brings towns and cities within our region together. By bonding together and pooling their resources, local governments have a highly trained, professional staff available to them for a wide variety of services. Areas of expertise include land use planning, master planning, economic and community development, water quality management, transportation, landscape architecture, housing, capital budgeting, historic preservation, downtown revitalization, solid waste planning, recreation and fiscal and environmental impact analysis. The Council also serves as a collective voice for these towns and cities in dealings with state and federal governments, thereby protecting and furthering the needs and interests of our communities.

Your support enables the Council to undertake comprehensive regional planning and to carry out various projects and programs of regional benefit. Over the past year, we the Council:

- Prepared an updated Regional Plan.
- Updated our Economic Profile, the primary source of economic and demographic data for our region.
- Maintained our regional data base, including our role as a regional data center for the US Census.
- Coordinated the efforts of and provided administrative assistance to the Upper Valley Solid Waste Management District.
- Sponsored and helped organize the Upper Valley Household Hazardous Waste Collection Program.
- Initiated efforts and successfully applied for start-up funding for a computer assisted mapping program.
- Continued the regional historic preservation program.

- Sponsored informational meetings on Water Resources Management Plans mandated for inclusion in local master plans under NH Chapter 167.
- Provided an Economic Development Agent for Sullivan County to help retain and expand employment opportunities in the area.
- Testified on several bills before the legislature, on Vermont Act 250 proposals and on state highway plans, distributed summaries of new and amended legislation and sponsored the NH Municipal Law Lecture Series.
- Coordinated local municipalities, state agencies and private consultants as part of the Upper Valley Transportation Study.
- Provided technical assistance to Advance Transit and County Coach.
- Participated in a proposal to conduct a long range planning study of Route 11-103 corridor in Sullivan County.
- Helped numerous communities and Sullivan County seek state and federal grant funds by providing technical assistance, and prepared successful grant applications bringing more than \$1.1 million to the region.
- Sponsored an informational meeting on the Champlain Pipeline on behalf of our Sullivan County communities which will be effected.
- Worked closely with the Upper Valley Community Land Trust, Society for the Protection of New Hampshire Forests, and Connecticut River Watershed Council to protect open space and conservation lands.

The Council also provides specific services to cities and towns in the region. As requested by communities, the Council conducted a large number of impact studies concerning proposed developments, prepared amendments to local subdivision, zoning, site plan review, and earth excavation regulations and provided mapping, drafting and other technical assistance.

During 1987 the UVLSC also provided a number of direct services to the Town of Newport. These have included assisting the Planning Board with amending their Site Plan Review regulations and working closely with the Zoning Ordinance Review Committee. Council staff has completed a series of Land Capability maps for the Town of Newport depicting steep slopes, wetlands, floodplains, aquifers, agricultural soils and suitability for septic system and building construction and has also mapped existing land use in the community. Our transportation planner conducted a downtown traffic and parking study. Working with the Economic Development Office, we conducted a door to door household survey in the Summer Street area to assess housing needs and potential support for a possible housing rehabilitation program in

this area. We continue to work closely with local officials and citizen groups such as the Revitalization Committee and respond to numerous requests for technical assistance each year.

The Upper Valley-Lake Sunapee Council looks forward to serving your community during the coming year; please contact us whenever we can be of assistance.

Stephen J. Holmes
Executive Director

REPORT OF THE SULLIVAN COUNTY REGIONAL REFUSE DISPOSAL DISTRICT

Nineteen hundred and eighty seven was a busy year for the NH/VT Solid Waste Project as Signal Environmental Systems, Inc. waste-to-energy facility came on-line in Claremont in June, numerous recycling programs were established, and construction began on the Districts' ash landfill site.

Recycling: Staff of the NH/VT Solid Waste Project have worked with many member municipalities to design local recycling programs and organize local recycling committees. In 1987, new permanent recycling centers were established in Claremont and Newport, New Hampshire and Cavendish, Windsor and Weathersfield, Vermont joining those already existing in New London, Sunapee and Cornish. The purchase of an Eager-Beaver Mobile Recycling Trailer by Signal Environmental Systems for use by the NH/VT Solid Waste Project has enabled additional recycling opportunities in Rockingham, Springfield, Ludlow and Westminster, Vermont and New London, New Hampshire. Expansion of these programs as well as the creation of new programs in 1988 will offer even greater recycling services to the region in the coming year.

Waste-to-Energy: Testing of Signal Environmental System's waste-to-energy facility began in February and on June 17th, 1987 they completed the required Acceptance Test to become fully operational. The Districts delivered a seven month total of 27,171 tons of waste to the facility at a cost of \$41/ton. The Town of Meredith, New Hampshire, is a new member town, making a total of 27 municipalities in the two Districts. The plant has run in compliance of the permit conditions set by the State of New Hampshire and Vermont since its Acceptance Date and is viewed in the United States as a model system due

to its effective pollution control equipment and integrated recycling programs that significantly contribute to the reduction of metals in the waste stream. A household battery return program, set up through commercial businesses that sell household batteries, has removed over 1,000 pounds of household batteries since May. The program is designed to remove sources of metal from the waste stream.

Landfill: Construction began in 1987 on the Districts double-lined ash landfill site in Newport, New Hampshire. By Fall, 18 acres of the first phase had been cleared, roads constructed and a sedimentation pond built. Actual excavation and laying down of the liners of the first landfill stage are planned to occur in the Spring of 1988. The landfill is expected to be operational by the Fall of 1988. Until then, the 60 tons of ash generated per day at the waste-to-energy facility is buried at a certified, lined landfill site in Rockingham, Vermont, dedicated for disposal only.

With a \$7.08 increase in the tipping fee for 1988, it is likely that waste generators throughout the region will increase their efforts to reduce, reuse, and recycle. The Project encourages the implementation of such waste reduction strategies and is available to assist in instituting such efforts. Meetings of the NH/VT Solid Waste Project, Sullivan County Regional Refuse Disposal District, and Southern Windsor/Windham Counties Solid Waste Management District are open to the public and anyone with questions about or suggestions for the solid waste management system of this region is encouraged to call the Project Office at (603)543-1201.

Deputy Town Clerk

REPORT OF
LAKE SUNAPEE BUSINESS ASSOCIATION

The Lake Sunapee Business Association (LSBA) is an organization of over 200 members from 11 towns and cities whose common link is tourism. Our goal is to attract visitors to this region of New Hampshire for vacations, conferences, second home purchases and residential relocation.

The State of New Hampshire interfaces with the LSBA and other such organizations throughout the state via the Office of Vacation Travel (OVT). The Legislature has made over \$800,000 available annually to OVT for promotion of the State's vast vacation resources. A portion of these funds is allocated to regional organizations for their own promotional activities through the Matching Grants Program. Upon qualification, a regional organization can become eligible for "dollar-for-dollar" funding of their out-of-state advertising campaigns.

The LSBA monies eligible for matching under the Matching Grants Program come from town appropriations, members' dues, fund raising programs and brochure advertising revenues. As in previous years, the LSBA applied for and was awarded with funding for advertising through this program. In 1987 the LSBA received over \$31,000 in such matching grants toward out-of-state advertising totaling \$56,000. Since the LSBA began participating in the Matching Grant Program, it has received \$86,000 in state funds for these ad campaigns. This in affect has returned to our region \$86,000 in taxes paid by our residents which would otherwise have gone elsewhere.

In addition to out-of-state advertising programs the LSBA operates a lodging and information service for the region with toll free calling from throughout New England, New York and New Jersey. Last year we also participated in mini-vacation promotions with WJJY-FM and WKXL-FM&AM.

While most of the promotion done for the Sunapee Region focuses on hospitality and attractions, we cannot forget the importance of the service related businesses which support the Lake Sunapee Business Association. These businesses (grocery stores, gift shops, gas stations, etc.) recognize the benefits of a strong tourist economy to compliment their local clientele. This recognition is shown through their strong support of the LSBA.

The LSBA, with your assistance, looks forward to another successful year and is most appreciative of the financial and organizational support which it has received from Newport and assures the residents that their tax dollars are being spent in a careful and worthwhile manner for the promotion of our region to out-of-state visitors and travelers.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Newport School District:

One of the Articles in the School Warrant deals with the purchase of land adjacent to school property where Newport High School is located. This land is currently owned by Dartmouth Motors and consists of five acres where the automobiles are parked. I feel it is in the best interest of the School District to purchase this property now while it is available. I am sure that land availability for school purposes will be very difficult to locate in the future.

At the School District meeting last year (1987), the voters passed Article 12 which authorized the School Board to "accept and expend State funds, subject to their approval and appropriation by the Legislature for the purpose of planning and constructing regional vocational facilities".

Since that time, we have been working on a joint proposal with the Claremont School District pertaining to vocational education programs and facilities. Together, we submitted an application to the State Department of Education for planning funds to allow each district to pay for the services of architects to assist with the planning and design of facilities in both communities. It is my understanding that both Newport and Claremont will soon be awarded \$25,000 each to proceed with the design phase of a vocational facility. The actual programs to be offered will now need to be finalized prior to the completion of the design phase. We will need citizens to serve on craft committees for each program to be offered.

Rodney Walker retired on June 30, 1987, as principal of Newport High School after 17 years of service to the Newport School District. I want to express my thanks to him for his many years of service to the students in Newport and certainly wish him a long and happy retirement.

We were pleased to secure the services of John Luciano as the new principal of Newport High School. He and his staff have been able to institute several positive changes at the school which have benefited both the students and the community. I expect that we will continue to see new ideas and additional changes instituted in the next few years not only at Newport High School but also at both Towle and Richards School under the capable leadership of E. Richard Hoke and Peter Reynolds.

One of the main reasons why Newport has been able to maintain a sound educational system is the fact that many master teachers have stayed with us over the years. These teachers believe in excellence and demand high standards from their students. I would like to mention six of these teachers who have served the Newport School District at least 25 years.

Henry Buinicky	40 years
Martha Swain	30 years
Celia Johnson	28 years
Eve Spanos	28 years
Joan Willey	28 years
Gertrude Heath	25 years

I want to thank all who have contributed to the success of the Newport Schools. Newport is fortunate to have many administrators and staff members who are experienced and very dedicated to the education of their students. The School Board has also been very interested in the education of all students while not forgetting the town's ability to pay for the support of schools.

Respectfully Submitted,

John H. Sokul
Superintendent of Schools

ANNUAL REPORT OF THE PRINCIPAL
NEWPORT JUNIOR/SENIOR HIGH SCHOOL

Newport Junior/Senior High opened its doors in August to 635 students, new administrators, and several changes in faculty and staff members. Immediate goals were established to guide the direction of the school's progress in four areas: school image, attendance, potential dropout decrease, and curriculum development.

Improvement of the school's image received top priority. The agenda called for increased public relations by reaching out into the community for continued support while maintaining high educational, cultural, and social standards. Incorporated also was the inculcation of school spirit and pride within the school body. Among the programs initiated to that end were Fall Fling and Student-of-the-Month recognition in both the junior and senior high. Work continued on "Here's Looking at You, 2000". Newport is one of three communities in the state selected to develop a drug education program.

Close attention was directed toward staff morale and cooperation. A Faculty Council was organized to serve as liason between teachers and administrators to bring to the attention of both issues of common concern. For the health and safety of all, a no-smoking policy was enforced throughout the building. During the holiday break, administrators donated their time and effort to renovate the faculty lounge.

The office staff participated in an intensive workshop demonstrating the use of a new computer, thus enabling them to produce more efficient recording of attendance, grade reporting, and master scheduling. The most recent computer innovation will allow the compilation of statistical data relevant to student performance during their six years of study.

Looking to the future, a study is underway to address "Students at Risk". Without special attention, these students may become a potential dropout statistic.

Hand-in-hand with that goal is the revamping of the curriculum with the emphasis on meeting student needs at all performance levels. In this area the school's goal is to make success possible and failure unnecessary by offering a variety of courses which will provide the essentials of education, intermingled with enrichment classes attuned to the special interests of all students.

Change is never easy, and it doesn't happen overnight. However, the process has begun, and we are all working for and eagerly anticipating a brighter future as we approach a new decade. Our success is entirely dependent on the good will and support of the community. Those ingredients have always been forthcoming, and we know we can count on that in the years ahead. The door is always open, and so are our minds. Please feel free to visit us so that your opinions will be based on concrete observations. We ask you to share the responsibility - and the pleasure - of making our schools better serve the communities where our students live.

John J. Luciano
Principal
Newport Junior/Senior High School

ANNUAL REPORT OF THE PRINCIPAL

RICHARDS ELEMENTARY SCHOOL

Richards School is completing its first year as Newport's primary school. This term is significant, and its double meaning entirely intentional. Kindergarten, grades 1 and 2, and often 3 are traditionally considered the primary grades; they are now more appropriately grouped. Richards is also the primary school for Newport's children; that is, primary in the sense of fundamentally important. It is here and now that their attitudes toward themselves and school are being formed. It is here where children learn their parents' attitudes towards schools and towards learning. It is here where the home-school-community partnership begins.

With a highly competent and dedicated staff, the school strives to instill in children a strong sense of self-esteem and an appreciation for language as measured by a love for reading. This is done by helping children realize they are responsible for their own actions and by surrounding them with listening, writing and reading.

To accomplish these goals, teachers have involved themselves in a variety of staff development activities during the summer and afternoons and evenings during the school year. Just this year a third of the staff has initiated a math program that relies heavily on math experiences. In conjunction with a breadth of reading activities, we are increasingly teaching to students who learn in a variety of ways.

Through the high school aide and Foster Grandparent programs, we involve other members of the community with our young students. During February, when we celebrated the love for reading, Newport business people took time from their jobs to share a book with one of the little ones. The School Board has supported us with a School Volunteer Coordinator in anticipation of a bloom of support from the seeds of community interest already shown.

For the first time, first grade teachers began the year serving a class in which virtually all students had completed a formal kindergarten program. Teachers noticed that this equal opportunity has given them children much more comfortable in the school setting and more ready to learn. Eliminating the Readiness Room and maintaining two transition rooms prior to first grade, Richards has begun a program which we trust will help minimize school failure in the later years.

Newport's primary school appreciates the continued support of its community as together we help Newport's children grow.

Peter Reynolds
Principal
Richards School

ANNUAL REPORT OF THE PRINCIPAL

TOWLE ELEMENTARY SCHOOL.

I am pleased to submit my sixth annual report as Principal of Towle Elementary School.

Towle School houses 246 students in grades 4-6. There are three classes at each level and a self-contained special education class. The average class size, excluding the special education class, is 26 students.

As an aid to motivating students to read, we are participating in the **BOOK IT!** National Reading Incentive Program sponsored by Pizza Hut. In this program, students can earn a free pizza by achieving a minimum monthly reading goal. The goal is set for the student by the teacher and will vary according to the individual. The program lasts for five months beginning with October and ending with February.

Curriculum areas are being studied. The mathematics curriculum committee is in its third year of the review cycle. A science committee and a social studies committee have begun to evaluate the science and social studies curriculums.

The Phys Ed Club operates an intramural basketball program during the months of March and April. Students have the opportunity to play basketball in games scheduled after school. The program ends with a nighttime tournament for each grade. A sixth grade All-Star team is named at the end of the tournament, and that team plays a game against the faculty.

When students enter the fifth grade, they are offered two new opportunities. The first is the chance to join the Towle School chorus. Instrumental music lessons are also offered for the first time. Thirty-five fifth and sixth graders have begun lessons for the first time while 21 students are in their second year of lessons.

Each year the students at Towle School participate in:

- a. The Union Leader New Hampshire State Spelling Bee.
- b. The New England Mathematics League Contest.
- c. The Natalie S. Anderson Prize Speaking Contest.
- d. Ticket sales for the Newport Teacher's Scholarship Fund Supper.
- e. The Winter Sports Program featuring downhill skiing, cross country skiing, skating, snow shoeing, and bowling (4th graders).

Each month a school newsletter is published and sent home with the students. The newsletter attempts to include news of all of the events that are happening at Towle, as well as, articles on effective parenting and building strong childhood self-concepts.

The elementary school libraries have become models in New Hampshire as we often receive visitors who are interested in the Circulation Plus automated system. This is due in part to an article, "Bar Coding on the Run", written by Marilyn Rogers, which was published by the Follett Library Software Company. We have also been mentioned in the recent issue of Principal magazine, referring to the merits of an automated library.

Computer knowledge and use continue to increase. There are several operating Commodore Systems in classrooms. Four Apple IIe systems and a printer are available for student and staff use in the library. The administrative offices are equipped with Apple Professional Systems. In addition to the software available for the Commodores and the MTOC software which is used on the Apples, students are being exposed to the Bank Street Writer word processor through their library classes.

Special projects for the year included reroofing the main part of the building, carpeting one classroom, replacing old office furniture and painting classrooms on a regular basis.

A new feature at Towle this year has been the establishment of a breakfast program. Each day students have the opportunity to purchase both breakfast and lunch through the school.

Staff members continue to keep abreast of the latest trends in education by attending workshops and/or courses. Many of the workshops, and at least one graduate course attended during the past year, were held right here in Newport providing easy access to participants. This will be continued during the coming year.

I wish to thank the citizens of Newport for their cooperation and support and urge all to visit their schools on a regular basis.

E. Richard Hoke
Principal
Towle Elementary School

REPORT OF THE
DIRECTOR OF PUPIL PERSONNEL SERVICES

Special Education services are available to every student in the Newport School District. Each school has a pupil placement team consisting of the child's classroom teacher, school psychologist, speech/language pathologist and if necessary, the Director of Pupil Personnel Services. When a child is in need of special education services, the team together with the parents, plan and develop an individualized educational program designed to meet the educational needs of the student.

Approximately 10-12% of our student population has been identified as educationally handicapped. Language and learning disabilities account for the vast majority of handicaps. Our special education and regular education staff work together to ensure that students with learning disabilities succeed in the regular classroom.

Over the past four years we have developed a continuum of special education services from preschool through high school. Today only a few handicapped students are placed in residential settings or private and/or other public school special education programs. The challenge for the future will be to improve the quality of instruction while maintaining the present level of services. Emphasis will be placed on integrating special and regular education and on increasing inservice opportunities for teachers and parents.

In closing, I want to thank our teachers, parents, and School Board members for their continued support of our exceptional children. I encourage you to visit your local school's special education programs as well as our regional School Administrative Unit programs located in Newbury (Preschool), Newport (mentally retarded), and Sunapee (emotionally disturbed). Please drop in and see first-hand the excellent work our teachers are doing in educating your special children. And finally, as parents of our special needs children, I ask you to become active participants in the special education process.

ROBERT B. PROHL
DIRECTOR OF PUPIL
PERSONNEL SERVICES

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District, in the town of Newport, in the county of Sullivan, in the state of New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet at the Newport High School Gymnasium in said District on the 5th day of March 1988, at one o'clock to act upon the articles set forth in the Warrant. Article 1 of the Warrant covering the election of moderator, clerk, treasurer, and members of the School Board will be acted upon at one o'clock p.m., and voting will be by official ballot and checklists. The polls will remain open for this purpose from one o'clock p.m. until at least three o'clock p.m. At two o'clock p.m., the remaining articles will be acted upon.

ARTICLE 1. To choose a moderator, clerk, treasurer for the ensuing year, and to choose two members of the School Board for the ensuing three years.

ARTICLE 2. To hear reports of agents, auditors, committees, or officers chosen and pass any vote relating thereto.

ARTICLE 3. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District officials and agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from State sources, together with income; the School Board to certify to the Selectmen the balance between the revenue and appropriation, which balance is to be raised by taxes by the Town.

ARTICLE 4. To see if the District will vote to raise and appropriate \$35,000 for the purchase of a school bus.

ARTICLE 5. To see if the District will vote to raise and appropriate the sum of \$60,000 to reroof the Industrial Arts/Home Economics section of the Newport High School roof.

ARTICLE 6. To see if the District will vote to raise and appropriate the sum of \$98,500 to purchase the five-acre parcel of land on North Main Street adjacent to Newport High School which is described in Town of Newport Tax Map 28, Lot 1798 and Map 29, Lot 1553 from Dartmouth Motor Sales, Inc.

ARTICLE 7. To see if the District will vote to raise and appropriate the sum of \$22,000 to reconstruct and pave the parking lot at Richards School.

ARTICLE 8. To see if the District will authorize the School Board to apply for, accept and expend, without further action of the School District Meeting, money from any source which becomes available during the fiscal year, as outlined in RSA 198:20-b, provided that (1) such money is used for legal purposes for which a school district may appropriate money, (2) the School Board holds a public hearing on the expenditure of such money before it is expended, and (3) the expenditure of such money does not require the expenditure of other School District funds.

ARTICLE 9. To transact any other business that may legally come before this meeting.

Given under our hand this eighth day of February, nineteen hundred and eighty-eight.

Peter Franklin
Robert Urban
Louie Elliott
Cynthia Clifford
Louis Thompson

NEWPORT SCHOOL BOARD

REPORT OF THE ANNUAL SCHOOL DISTRICT MEETING

(Held March 7, 1987 and May 10, 1987)

ARTICLE 1. District Officers Elected:

Moderator - 1 year	Harry Spanos
Clerk - 1 year	Karen Dewey
Treasurer - 1 year	Marie Flint
School Board - 3 years	Louie Elliott
School Board - 3 years	Peter Franklin

ARTICLE 2. Voted to accept the reports of agents, auditors and committees as presented in the Annual Report.

Voted to adjourn the meeting until May 10, 1987.

ARTICLE 3. Voted to raise and appropriate the amount of \$4,155,907 for the support of schools, payment of salaries, and for the payment of statutory obligations of the District.

ARTICLE 4. Voted to appropriate \$33,000 for the purchase of a school bus.

ARTICLE 5. Voted to appropriate \$32,000 for installing smoke and heat detectors at Towle School and Newport High School and an automatic fire alarm at Newport High School.

ARTICLE 6. Voted to appropriate \$20,000 for a deficit appropriation to the 1986-87 budget for the purpose of meeting the cost of purchase and installation of new oil tanks at Newport High School, Richards and Towle Schools.

ARTICLE 7. Voted to appropriate \$34,000 to reroof the main building at Towle and the roof over the Home Economics rooms at Newport High School.

ARTICLE 8. Voted to pass over this article to appropriate the amount of any unencumbered balance, not to exceed \$33,000 accruing in the 1986-87 budget as of June 30, 1987, to be paid into the Capital Reserve Fund - Transportation.

ARTICLE 9. Voted to pass over this article to appropriate up to \$15,000 of any unencumbered balance, which exceeds \$33,000 accruing in the 1986-87 budget as of June 30, 1987, to establish a Capital Reserve Fund - Building Improvement - for the improvement of roofs and replacement of windows.

ARTICLE 10. Voted to pass over this article to appropriate up to \$50,000 of any unencumbered balance, which exceeds \$48,000 accruing in the 1986-87 budget as of June 30, 1987, to be paid into the Capital Reserve Fund - Special Education.

ARTICLE 11. Voted to pay out of the Reserve Fund for Education of the Handicapped \$10,000 to meet the expenses of educationally handicapped children during the 1986-87 fiscal year and to name the School Board as agents.

ARTICLE 12. Voted to authorize the School Board to accept and expend State funds for the purpose of planning and constructing regional vocational facilities and to enter into agreement with the State as required by RSA 188-E.

ARTICLE 13. Voted to accept and spend funds from federal, state, and local and private agencies.

ARTICLE 14. Voted to appropriate \$12,000 to erect a fence along Route 10 by Newport High School not to exceed five feet in height.
